TECHNICAL FEATURES

- ❑ Round fibreglass hand-rails covered with natural fibre
- ❑ Quick to set up and take down thanks to the stainless-steel pins
- ❑ They can be safely cleaned with water

AVAILABLE IN 2 VERSIONS:

Ref. 3265 – Competition hand-rail

- ❑ Compliant with FIG standards
- ❑ $\varnothing = 39,2$ mm
- ❑ Colour : natural fibre
- ❑ The internal bar construction is identical to Ref. 3262
- ❑ Available on Rio competition asymmetric bars ref. 3240 and 3245.

Ref. 3268 Training hand-rail

- ❑ It allows a better hold for smaller
- ❑ $\varnothing = 37,5$ mm
- ❑ color : pink

Its pink color makes it easier to pick out when learning the first flight elements.

- ❑ The internal bar construction is identical to Ref. 3260
