

TEAM'GYM VAULTING TABLE

- With a body using a combination of dynamic foam complex and springs. This new vaulting table gives gymnasts a fast, dynamic response
- Featuring a two-tone dynamic body with soft front section for shock absorption, like the approved FIG vaulting table (Ref. 3404)
- Reduces gymnasts' fear thanks to its reassuring shape and its comfort layer positioned over the whole hand placement area to soften impacts
- Suited for Team'Gym practice
- Easy ajustement

TECHNICAL FEATURES

- Height adjustment between 1.30 and 1.65 m using a ratchet and thumb wheel
- Supplied with a fixing system to floor (chain + adjustable tensioner)
