

INFLATORS FOR INFLATABLE RANGE

- Easy to use.
- Adaptable throughout our inflatable range: Floor, tracks, mats, modules, and beams.
- Quick inflation
- lightweight, easy to move and store.
- Delivered with pipe with bayonet for inflatables with the grey valves.
- References available for UE and UK plugs.

AVAILABLE REFERENCES

HAND INFLATOR

REF. 8011

- ❑ Dimensions: 60 x 0,75 cm (h x Ø) - Weight: 2,20 kg
- ❑ Capacity: 2 x 2000 cm³
- ❑ Maximal pressure: 2 bar (29PSI)
- ❑ Integrated manometer
- ❑ Two inflating modes (pivoting handle)

Réf. 8011

ELECTRICAL INFLATOR – UE plugs

REF. 8012: Delivered with 1 hose with bayonet end type (for small modules, mats, beams, etc.)

REF. 8014: Delivered with 1 hose with bayonet end type and 1 hose with screwing end type (for exercise floors and tracks).

Technical specifications:

- ❑ Dimensions: 16,5 x 24 x 13 cm (L x w x th) - Weight: 1,70 kg
- ❑ Output rate: 1700l/min

Réf. 8012

- Pressure: 250 mBar
- Power: 1000 W
- Supply voltage: 230 V

ELECTRICAL INFLATOR – UK plugs

REF. 8013: Delivered with 1 hose with bayonet end type (for small modules, mats, beams, etc.)

REF. 8015: Delivered with 1 hose with bayonet end type and 1 hose with screwing end type (for exercise floors and tracks).

Technical specifications:

- Dimensions: 16,5 x 24 x 13 cm (L x w x th)
- Weight: 1,70 kg
- Output rate: 1700l/min
- Pressure: 250 mBar
- Power: 1000 W
- Supply voltage: 120 V
